

How close have you ever got to a tiger?

With our “Carnivore Keeper for the Day” scheme, anyone over the age of 18 & physically fit can get up close & personal to the most dangerous animals in the Park, help to feed & clean them out.

A Carnivore Keeper for the Day starts their day at around 8.30am & spends their day shadowing the Park’s regular carnivore keepers as they go on their rounds. During the day, you will be closely monitored by the carnivore keepers and will be able to get much closer to the animals than any member of the public normally can. You will see how our carnivores are fed & you may be asked to help with feeding & enriching the animals’ day. Additionally you will be able to ask the keepers any questions you have about the animals in their care and, of course, take lots of photos!

The animals in the carnivores section include:

Polar Bear; Amur Tigers; European Grey Wolves; Scottish Wildcats;
Owls; Arctic Fox

You will receive a free T-shirt, 25% discount on purchases in the Wild-things shop (10% for books & films) and free lunch in the café on the day.

Carnivore Keepers for the Day are charged at £250 per person per day (max. 2 people). Funds raised go directly to our Scottish Wildcat Conservation Fund.

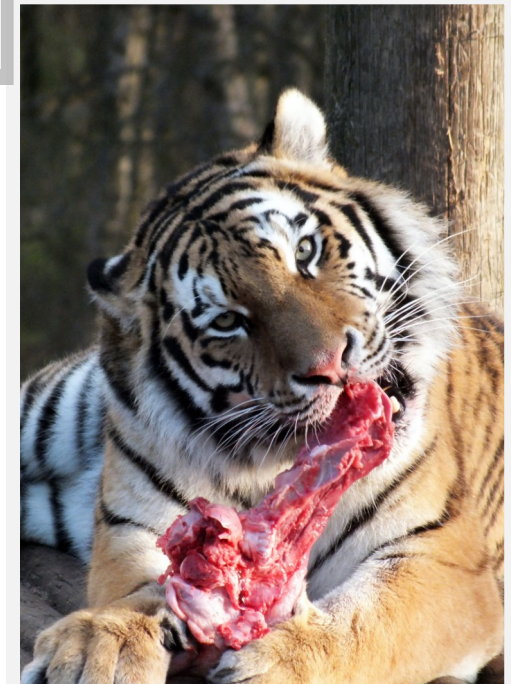

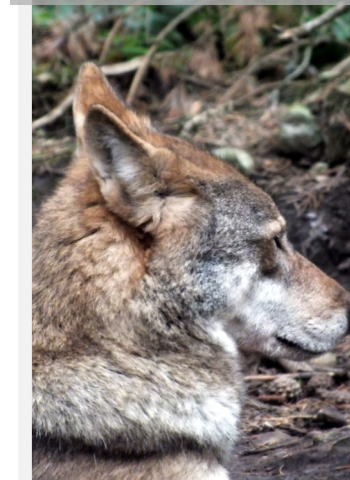

(not available for Wednesdays or weekends)
